If you've ever been pulled over by a bad cop, you know exactly how this can go wrong, but the truth is, there is today no rigid system that is as effective as a flexible one. Maybe someday computers, building out large language models or other artificial intelligence, will be capable of equally effective discretion, but for now, code as law is simply worse.

The acquisition is made in partnership with Brag House Holdings, House of Doge's publicly traded merger partner that will help the firm soon go public via a reverse merger.

A high hash rate is important because it means more computing power is being used to keep the cryptocurrency's network secure. And the more computing power used, the harder it is for attackers to take control of more than 50% of the Bitcoin network.

For traders and builders alike, the real alpha will come from understanding how value migrates between these worlds. The Stripe Tempo news signals that the base layer is now strategic real estate. And in markets, whoever controls the rails eventually controls the margins.

“The age of financial magic is ending for Bitcoin treasury companies,” stated 10x Research analysts in a report shared with Cointelegraph on Friday.

California state pension fund CalPERS recorded mixed reactions from board candidates on crypto investments during Wednesday's forum, despite the system holding shares in Bitcoin treasury company Strategy, previously known as MicroStrategy.
