"Ultimately, by decoupling energy infrastructure from mining, HUT will increase its financial flexibility and put itself in a stronger position to execute on growth opportunities at scale while preserving upside exposure to bitcoin through a 64% stake in American Bitcoin," the note read.

That said, Grok 4 is an insights tool, not a safety net. Recent incidents around moderation and response behavior mean you must validate outputs with independent sources. That's why you should ideally treat Grok 4 as a rapid investigator, not as the final arbiter.

"BTC's appeal as a safe haven is not only becoming more visible but also more deeply rooted—growing at the same time that confidence in traditional institutions continues to erode," FRNT Financial Head of Data and Analytics Strah Savinja told Decrypt.

Ethplorer has established a distinct role within the Ethereum ecosystem by focusing on token-centric data. It provides a clear view of token transactions and wallet activity, making it especially useful for DeFi users and NFT collectors.

Prosecutors said Armbrust's actions were not a "momentary lapse in judgment" but a deliberate misuse of company computing resources for personal gain, causing real financial losses and operational disruption.

Shortly after the comment was made, however, another X user pressed Dorsey on his own financial commitment to the cause of protecting Bitcoin developers, questioning how much he had donated.
