Miller attempted to reconcile this apparent contradiction, saying "investing in a business that's working with Bitcoin transactions is a very different game than direct investment in buying Bitcoin."

OpenAI has announced its intention to enter the search engine market with the announcement of SearchGPT, an AI-powered search engine that aims to make searching more natural for users. Although described as a “temporary prototype,” the Thursday reveal is a clear shot across the bow of the singularly dominant Google—as well as Microsoft Bing, which currently provides search results for OpenAI's ChatGPT.

Ethereum co-founder and Consensys founder Joseph Lubin highlighted the importance of venture capital (VC) funding for the development of the world's largest smart contract network, despite industry concerns over the influence of investment funds on Ethereum.

As Cointelegraph reported, the bull market was also reflected in exchange-traded products, with BlackRock noting that its Bitcoin and Ether iShares funds contributed positively to quarterly earnings, driven by strong investor inflows and fee income.
