By Monday, Bitcoin rebounded to around \$115,000, almost erasing the weekend losses. Hougan said the rapid recovery indicates the strength of blockchain infrastructure. "The damage was contained to individual investors," he added, noting that no major institutions collapsed during the event.

"These protections have already proven to be successful in addressing other types of non-consensual imagery, and we've now built the same capabilities for fake explicit images as well," Google said. "These efforts are designed to give people added peace of mind, especially if they're concerned about similar content about

them popping up in the future.”
