Comprehensive Guide to binance red packet code today 2025

The crypto exchange sent a letter to the Treasury on Friday, responding to the agency's request for comment on innovative methods to detect illicit activity involving digital assets.

If approved, the proposal will proceed through the Aave Request for Comment (ARFC) stage for community feedback, followed by a Snapshot vote and final onchain governance confirmation. Unlike short-term market interventions, the proposal aims to institutionalize buybacks as a recurring mechanism, essentially making the DAO an active capital allocator.
