The approval allows Binance to take majority control of GOPAX, restart operations in Korea, honor repayment pledges to users, and position itself to compete with dominant local exchanges.

He touted BTC as one of the hard money assets that can save the ailing economy, meaning the prices of gold and BTC will continue to rise in the face of currency inflation as individuals and businesses adopt BTC to protect purchasing power.

## binance staking explained

The company's stock tokens mirror the prices of publicly traded US securities but don't represent direct ownership of the underlying shares. Instead, they are structured as blockchain-based derivatives regulated under MiFID II (Markets in Financial Instruments Directive II), according to the company.
