Demand for spot Ethereum ETFs has also been decreasing, with these investment products posting outflows six out of the last eight days, data from SoSoValue showed.

Once a coin passes the quick screen, the next step is to dig into the data that tells you whether a project has staying power or is just another short-lived pump.

Unlike previous rallies, this one is expected to be driven by long-term investors seeking portfolio stability, rather than short-term speculation.

"SearchGPT is about search and is separate from training OpenAI's generative AI foundation models," OpenAI said. "Sites can be surfaced in search results even if they opt out of generative AI training."
