The two receiving addresses haven't transferred or sold the Bitcoin, nor has SpaceX commented on the reason for the transactions.

Chart patterns are shapes formed by price movements that help traders anticipate future market trends. These patterns fall into two main categories: reversal patterns, which signal that a current trend may change direction, and continuation patterns, which suggest the trend will likely resume after a brief pause. They stem from market psychology, where emotions like fear, greed and uncertainty drive collective trading behavior and create recognizable shapes on charts.

Contrary to the growing view that gold's record run may be cooling, HSBC has doubled down on its bullish outlook, projecting that the precious metal could climb as high as \$5,000 per ounce by 2026.

New York lawmakers launched a legislative strike against crypto mining Friday, introducing companion legislation to a Senate bill that would force proof-of-work miners to pay high taxes based on their electricity consumption.
