This rush to buy protection is noticeably changing the market and has caused the price of bearish bets to become more expensive than bullish ones, Melville explained. This trend, which started with Bitcoin, has now extended to Ethereum, indicating that Ethereum investors are becoming increasingly cautious.

“From cinematic design to surreal architecture and cyberpunk storytelling, the gallery presents a curated selection of today’s most influential digital artists,” the organizers said in a statement.

But CJ Burnett, chief revenue officer at Compass Mining, told Decrypt that the company believed that the environment was favorable for remaining focused on

mining.

Back in February, Kaspersky had warned that malware was being distributed through GitHub repositories widely used by coders. If downloaded, it could hijack the victim's keyboard and replace wallet addresses with ones controlled by the attackers.
