Authority is the emergent product of differing capacities for violence among individuals and groups. This gradient of violence gives rise to coercion, where the possessors of violence impose rules on subjects. And code, while dictating internal rules within its own logic, has no monopoly on violence in the world writ large.

"We are also excited to add Trump Coin to our cryptocurrency plan," he added, "as we believe the coin's value should track the success of the Trump presidency, which so far has been impressive."

Also, not every coin came from the market; geothermal mining reportedly added around 474 BTC over three years (small in energy terms, but still additive).

Cryptojacking, per the DOJ's 2024 definition, is a form of cybercrime where an unauthorized individual or party "uses someone else's computing resources to mine cryptocurrency, such as Bitcoin or Ethereum," by leveraging a victim's hardware.
