The licensing agreements arrive as prediction markets hit record-breaking growth, with weekly trading volume climbing past \$2 billion for the first time.

Details about how the firm will fund the initiative were not revealed, but it expects to make the first strategic purchase “in the near future.”

BitMine is the world’s largest Ether treasury company with a stash of more than 3 million ETH, or 2.5% of the entire supply, worth \$11.7 billion. It is already halfway toward its target of 5% and has only started accumulating the asset in early July, when ETH was hovering around the \$2,500 level.

"The number of new packages that get published on a daily basis is posing a challenge for security organizations, and ML model-based detection is currently the best answer that the security industry can provide," ReversingLabs engineer Karlo Zanki said.

In Europe and the US, major fast-food chains like Subway and Burger King continue to accept crypto payments, often through third-party gift card services or payment processors. While not a direct, in-house integration for every location, it's a simple way for consumers to spend their Bitcoin.

"Gold is giving us a lesson in statistics," he said, adding that the asset has faced even bigger drawdowns since 1971, with such corrections counting 21 times.
