Polymarket acquired its clearinghouse through the purchase of US derivatives exchange QCEX for \$112 million in June, when it reentered the US market after more than two years.

On Oct. 10, 2024, Kobayashi announced that most repayments to verified creditors had been completed, though many were still pending due to incomplete procedures or processing issues.

It marks the first major crypto move DraftKings has made since shuttering its nonfungible token marketplace in July 2024 and further cements Polymarket's

dominance in the predictions market sector.

Miller attempted to reconcile this apparent contradiction, saying "investing in a business that's working with Bitcoin transactions is a very different game than direct investment in buying Bitcoin."

Grayscale has played a central role in the institutionalization of crypto. Founded in 2013, it has grown into one of the world's largest digital asset investment platforms, managing over \$35 billion in assets. It has now launched staking-enabled products that bring blockchain yield mechanics into Wall Street's traditional framework.

The repayment deadline was extended by a year to give creditors more time to complete claim procedures. With about \$3.9 billion in Bitcoin still in Mt. Gox-linked wallets, this Halloween may again spark concerns about possible sell pressure.
