Previous instances show that ETH tends to drop sharply when the MACD line (blue) crosses below the signal line (orange). The altcoin's losses have been 46% in mid-2024 and 60% in Q1 2025.

The character, developed by comedian and technologist Eline Van der Velden—who spun off Xicoia from her production company Particle6—was unveiled last week at the Zurich Summit during the Zurich Film Festival in Switzerland, and immediately drew online attention. Van der Velden said multiple talent agents are already interested in signing the artificial personality.

Uniswap added support for the Solana network to its web app, allowing Solana users to link their wallet and trade Solana-based tokens alongside those from other networks.

"I think that most fiat currencies, especially those with large debts, will have problems being effective storeholds of wealth and will go down in value relative to hard currencies," he said, pointing to parallels between the coming years and two periods in the 20th century.
