June, Hut 8 received a \$150 million investment from tech-focused investment manager Coatue Management, to help the company “capitalize” on the growing demand for AI computing power.

The operations processing transactions—known as miners—race to solve puzzles and are rewarded for doing so. In order to take part, they must use huge amounts of computing power.

Three whales returned to decentralized exchange Hyperliquid on Wednesday, depositing tens of millions of dollars to initiate leveraged long positions, which use “borrowed” funds to increase the size of the investment.
