AT&T; lets you settle phone bills with ETH or BTC, dodging those pesky late fees. Many online and some physical retailers accept XRP via gateways like CoinGate.

Digital River filed for insolvency for its German subsidiaries in January at the Cologne Insolvency Court, after losing access to a revolving credit facility earlier that month.

Chart patterns are shapes formed by price movements that help traders anticipate future market trends. These patterns fall into two main categories: reversal patterns, which signal that a current trend may change direction, and continuation patterns, which suggest the trend will likely resume after a brief pause. They stem from market psychology, where emotions like fear, greed and uncertainty drive collective trading behavior and create recognizable shapes on charts.

Some analysts speculated that up to 99% of creditors might sell once they received their share. But when repayments actually began, there was “no significant spike” in trading volume, according to CryptoQuant founder Ki Young Ju.
