But October—dubbed Uptober by traders—has started with a bang. Nine out of the past 10 years have been strong for the cryptocurrency.

Paradigm is a crypto and AI investment firm founded in 2018 by former Sequoia Capital partner Matt Huang and Coinbase co-founder Fred Ehrsam.

"We have been reviewing the entire portfolio from first principals to evaluate AI suitability and have identified Georgia as a strategic region for both potential conversion as well as expansion," wrote Scott Garrison, chief development officer and executive vice president at ClearSpark, adding:

The campaign's gamified nature has also led to community engagement across social platforms, with participants sharing their progress, NFT achievements and referral milestones. This activity is generating continued interest in the campaign as it moves into its next phases.

The approval allows Binance to take majority control of GOPAX, restart operations in Korea, honor repayment pledges to users, and position itself to compete with dominant local exchanges.

He added that the new bill "cuts red tape for banks and credit unions," ensuring "law enforcement still has the tools they need to do their job."
