From Times Square in New York to Portland and Los Angeles, crowds chanted “Resist Fascism” and “We the People Rule,” according to a report from Politico.

In general, both retail and institutional investors continue to focus on buying and holding tokens for price gains rather than staking them. Operating validator nodes requires substantial capital, technical know-how and uninterrupted uptime. It also exposes participants to risks such as slashing penalties and custody challenges. Additionally, in many jurisdictions, the regulatory treatment of staking rewards remains unclear.

The price of the two biggest digital assets has in the past risen significantly when investors have bought shares of the American ETFs.

Ultimately Ben-Sasson said it's great that corporations want to adopt blockchain technology because it means "blockchains are no longer this scary thing anymore."
