Yarlagadda noted that crypto exchange-traded products are expected to “open new channels for investor participation through regulated, familiar structures,” citing his company’s work in building an “institutional backbone” for trading, derivatives, and credit.

This isn’t a zero-sum fight between corporate and permissionless chains. They’ll likely complement each other. Corporate L1s will handle the compliant, large-volume flows that bring in conservative capital, while permissionless chains will keep pushing the boundaries, generating the innovation that the corporations will eventually adopt.

These are the advocates now of a code-is-law ethos, those who think freedom from restraint will advantage them precisely because it is asymmetric. They disproportionately wish to pursue activities that society censures, so a less powerful social conscience disproportionately benefits them.

Lee told CNBC after the trading day on Friday that investors were still “licking their wounds” from the record leverage flush, but there was also a bit of “gold envy” as the commodity has been a “huge performer this year.”

Outside of purely financial plays, it has made several moves that display a firm conviction in the crypto community. It submitted an amicus brief in support of Tornado Cash co-founder Roman Storm and hired respected blockchain sleuth ZachXBT as an adviser to fund research and help protect its VC companies.

The critical question for investors is whether this Bitcoin-centric rally marks the end of the much-anticipated "altcoin season or alt season," a period during which altcoins dramatically outperform.
