Outside of purely financial plays, it has made several moves that display a firm conviction in the crypto community. It submitted an amicus brief in support of Tornado Cash co-founder Roman Storm and hired respected blockchain sleuth ZachXBT as an adviser to fund research and help protect its VC companies.

How to read: A decline in volume on the right shoulder signals weakening momentum. A price break below the neckline confirms a bearish reversal, while a break above it confirms a bullish inverse. Measure the distance from the head to the neckline, then project that distance from the breakout point to estimate the
