Institutional momentum builds

“Easing US-China tariff tensions and a renewed debasement trade echoed in gold’s strength are fueling fresh demand for digital assets,” Liu noted.

An asset manager known for exchange-traded funds geared toward risk-embracing investors wants to ratchet up the possibilities for these thrill-seekers, filing an application for 49 funds offering three times long and short leveraged exposure to tech and crypto-focused firms, gold, and ETFs that

individually track the price of Bitcoin, Ethereum and Solana, among other assets.

The film uses the human angle to frame a debate that was prevalent at the time. When an attacker takes money from a smart contract, relying on the contract's internal logic to obtain tokens outside of the creator's intention, is that wrong? Should the attacker be censured, legally or otherwise, or is this simply fair play?

"Aussie culture and sense of humour may play into our propensity to engage with meme coin offerings just as much as potential gains. Many see these tokens as a low-stakes way to engage with crypto communities and trends," he said.
