Comprehensive Guide to kraken crypto vs binance

Steak 'n Shake joined the party in May 2025, rolling out BTC payments nationwide, crediting it for an 11% sales boost by attracting tech-savvy diners. Chipotle and Baskin-Robbins are on board, too, via BitPay integrations, where ETH, BTC or XRP funds your burrito bowl or scoop.

This guide shows how to read those signals (and wait for confirmation) before putting capital at risk.

There's a psychological benefit, too. A simple, pre-set routine helps curb fear of missing out (FOMO) on green days and panic on red ones. Instead of reacting to

headlines, you stick to the plan.

"We're testing SearchGPT, a prototype of new search features designed to combine the strength of our AI models with information from the web to give you fast and timely answers with clear and relevant sources," OpenAI said in an official blog post.

According to CoinGecko's Q3 2025 report, the global crypto market expanded for a third consecutive quarter, adding roughly \$563 billion in value to reach \$4 trillion, its highest level since 2021. Galaxy's results reflected that broader trend, underscoring continued strength across the digital-asset industry.

Crypto markets have remained steady over the weekend, with Bitcoin topping \$109,000 after reclaiming the support-turned-resistance level at \$108,000 and Ether climbing above \$4,000 briefly, but there have been no major attempts at recovery yet as sentiment remains cautious.
