The open banking framework, first proposed in 2022 under former U.S. President Joe Biden and finalized on October 22, 2024, allows consumers to securely share financial data with third-party apps through APIs (application programming interfaces).

Treasury and corporate holdings

The U.S. government is spending more money than it's taking in, while servicing enormous amounts of debt. And as the government borrows more to cover budget shortfalls, while managing its existing burden, creditors could eventually cause

trouble, Dalio said.

Prosecutors also revealed that the U.S. government has seized more than \$14 billion worth of BTC from Prince Holding, and is currently pursuing the largest forfeiture action in DOJ history.

Bitcoin, other than being a digital coin, is a payment network with operations processing transactions scattered worldwide.

Bitcoin miners are typically large operations run by companies in warehouses that use lots of electricity to process transactions on the virtual coin's network and mint new coins.
