Prosecutors said Armbrust's actions were not a "momentary lapse in judgment" but a deliberate misuse of company computing resources for personal gain, causing real financial losses and operational disruption.

In Europe and the US, major fast-food chains like Subway and Burger King continue to accept crypto payments, often through third-party gift card services or payment processors. While not a direct, in-house integration for every location, it's a simple way for consumers to spend their Bitcoin.

He also thinks APIs face challenges such as a lack of standardization and regulatory fragmentation, which a guidance "outlining acceptable use cases" would

solve by clearly showing “data privacy requirements and standards for interoperability — allowing firms to confidently adopt and integrate APIs into their programs.”

However—and this is crucial—ADX measures strength, not sustainability. A strong reading can persist right until the moment a trend exhausts and reverses, some random whale dumps the coin, or a FUD episode triggers a flash crash. It’s like a speedometer showing you’re going fast without telling you how much fuel remains.

Paradigm first announced plans for the payments-focused blockchain network in September, citing a “growing need for optimized infrastructure” that scales for global payments.
