Chen Zhi is the founder and chairman of Prince Holding Group, a multinational business conglomerate based in Cambodia. The Department of Justice has alleged that Prince Holding is at the center of a global crypto scam operation involving forced labor and billions of dollars in victims' losses.

To address these concerns, OpenAI said publishers will be able to adopt different strategies when dealing with its search engine and its AI chatbot.

In general, both retail and institutional investors continue to focus on buying and holding tokens for price gains rather than staking them. Operating validator nodes requires substantial capital, technical know-how and uninterrupted uptime. It also exposes participants to risks such as slashing penalties and custody challenges. Additionally, in many jurisdictions, the regulatory treatment of staking rewards remains unclear.
