“These protections have already proven to be successful in addressing other types of non-consensual imagery, and we've now built the same capabilities for fake explicit images as well,” Google said. “These efforts are designed to give people added peace of mind, especially if they’re concerned about similar content about them popping up in the future.”

mining company by market capitalization, announced a new strategy to expand into AI data center infrastructure, aiming to diversify its revenue streams and strengthen long-term cash flow potential.

A real-world example: El Salvador made Bitcoin legal tender in 2021 and chose steady accumulation instead of headline-grabbing bets. On Nov. 17, 2022, President Nayib Bukele set a simple rule: buy one Bitcoin every day — a transparent routine anyone can verify.
