## Comprehensive Guide to tao listing binance

According to CoinGecko's Q3 2025 report, the global crypto market expanded for a third consecutive quarter, adding roughly \$563 billion in value to reach \$4 trillion, its highest level since 2021. Galaxy's results reflected that broader trend, underscoring continued strength across the digital-asset industry.

However, the current crypto footprint through these funds remains small next to over A\$1 trillion managed in Australia's pension system, according to the country's tax office report released Wednesday.

Take the Stripe news. It turned out that "Tempo," a payments-focused layer 1, is being built in partnership with Paradigm. If you've traded long enough, you know

Stripe isn't doing this for no reason. This is a settlement-layer play, with control over the base layer, the fees and uptime.

Institutional momentum builds

Did you know? Etherscan's Gas Tracker gained popularity during the DeFi boom. By displaying real-time transaction fees, it helped users plan their swaps and NFT mints more strategically to avoid overpaying.
