The six candidates vying for seats on the California Public Employees' Retirement System Board of Administration expressed divided views when asked whether Bitcoin should be included in the \$506 billion fund's portfolio.

This article discusses what crypto staking is, what has prevented greater institutional participation and how Grayscale has encouraged the institutionalization of crypto investment. It also highlights regulatory and market changes surrounding staking and explains how Grayscale's spot crypto ETPs deliver staking yields to investors. Finally, it outlines the risks associated with staking funds and shows how Grayscale's ETPs have shifted crypto from a
