A century ends and code is law

But the second problem with the code-is-law idea is more damning. While the model of regulation suggested here so far has been of a reactive system that arises to fill the need for authority, some political scientists — realists — view it the other way.

“Bitcoin search interest on Google is at bear market levels,” said trader Mister Crypto in an X post on Wednesday, asking:

Five most popular chart patterns in crypto trading

The US dollar's hegemony is over, as evidenced by China's recent announcement of export controls on rare earth minerals, a critical component in electronics manufacturing and military defense applications, according to analyst Luke Gromen.

According to Nansen, sender-only active addresses on the blockchain reached a record 3.46 million on Monday, surpassing its previous high of 3.44 million in December 2023.
