

I'm not a bot

Do you love Disney movies? Are you one of those people who obsess over royal weddings? Have you wished fate to make your paths cross with a beautiful royal person and make them fall in love with you? Is rom-com your favorite genre? Have you secretly written fan fiction where all your dreams about being the princess of a small European country come true? If your answer to all these questions is yes, then you will love all the movies on this list. These films might be cheesy and sometimes predictable, but they are fun, grand, colorful, and thoroughly entertaining. 11. Charming (2018)Charming revolves around Prince Philippe Charming, who was cursed by his fathers ex-partner, Nememy Neverwish. According to the curse, all the love in Charmings life will disappear on his 21st birthday if he doesnt find his true love by then. Desperate to break the curse, Charming ends up proposing to three different princesses who are unaware of each other. However, tired of his sons womanizing ways, Charmings father orders him to set out on a quest known as the Gauntlet, which, hopefully, will find him his true love. During his journey, Charming comes across thief Lenore Quinonez and slowly finds himself falling for her. Yet, the question remains whether Charming will learn to identify his true love before the clock runs out. You can stream the film here.10. Sleeping Princess (2024)Claudio Boeckels Brazilian drama Sleeping Princess is a modern retelling of the fairy tale, Sleeping Beauty. Based on Paula Pimentas novel, the movie centers on 16-year-old Rosa (Pietra Quintela), who was sent to Brazil by her parents to keep her safe from a malevolent force. She has since grown up with her adoptive brothers. However, she has mysterious dreams of a boy promising to marry her. Soon, it is revealed that she is of royal blood, and the dark forces of her past are still following her. She might not be able to escape them, in which case, the only way to get rid of them is to face them. Sleeping Princess is a feel-good drama with ample fun, perfect for binging with your little princess. It can be streamed here.9. Royalteen: Princess Margrethe (2023)Directed by Ingvid Sderlind, Royalteen: Princess Margrethe is a Norwegian film that showcases the life of a royal princess. So when she makes a mistake, it is also treated royally. Margrethe (Elli Rhannon Muller Osbourne) collapses at a prom party and is hospitalized. Word spreads that the reason for this is the use of drugs. The events that follow show her trying to keep up with all the family drama while struggling to maintain her sanity. And then there is Prince Alexander of Denmark, the guy she likes, and Gustav, the guy she did drugs with and who now has a video of her doing it. After all, there is a reason why she took them, right? If you want the truth, Royalteen: Princess Margrethe is available on Netflix, and you may stream it right here.Read More: Best Twist Ending Movies on Netflix8. Princess DayaReese (2021)Reese is a commoner from Manila who dreams of being a princess and living like royalty. However, in actuality, she cons people for money and makes a dishonest living. Surprisingly, she gets an opportunity to live out her dream when she meets Princess Ulap, a runaway princess from the kingdom of Oro. Ulap looks precisely like her twin, and thus, the two change places in exchange for money. Excited at having achieved what she wanted, Reese flies to Oro and meets Caleb, a reporter writing an article on the country. While things are pretty smooth initially, Caleb soon begins falling in love with the fake princess, which in turn threatens Reeses secret. You may watch it here and find out what happens next.7. The Royal Treatment (2022)The Royal Treatment is a heart-warming romantic comedy that revolves around New York hairdresser Izzy (Laura Marano) and her dreams of running her own beauty salon. While Izzy believes nothing can improve her luck, fate has suddenly lands an appointment to cut the prince of Lvania (Mena Massoud) Thomas hair. Interestingly, the prince initially leaves a poor impression on the hairdresser, forcing her to quit in the middle of the session. However, once Izzy begins spending time with Prince Thomas, she sees his personality, making her fall completely in love. Yet, with Thomas already engaged to a noblewoman, Izzy wonders if her dream of becoming a princess will ever come true. You can check out the film here to find out whether it does.6. Falling for Christmas (2022)Sometimes, we need to forget who we have been all this time in order to discover who we truly are. But its not easy to leave behind our emotional baggage and take a path to find our new selves. Is it? Be that as it may, Sierra Belmont (Lindsay Lohan), the spott daughter of a hotel magnate, gets this opportunity rather suddenly. After falling off a snowy cliff moments after her boyfriend proposed to her, she wakes up in a different place, surrounded by other people and without any idea who she is. However, this allows her to be a new person and make new friends in a new neighborhood while waiting for her family to find her. But what if by the time help arrives, she has found a new home? Falling for Christmas, directed by Janene Damian, has the answer. You can stream it here.5. A Christmas Prince (2017)Rumors assume that Prince Richard of Aldonia is an irresponsible playboy. It is also believed that he might have neglected his duties and ran away before the coronation. Sensing a spicy story, journalist Amber Moore is sent to a foreign kingdom for a scoop that might change her career. Amber sneaks into the royal palace and even manages to pass off as Princess Emilys tutor, granting her first-hand access to the prince. However, Richard turns out to be nothing like the rumors, and as the days go by, Amber finds her falling further in love with him. Nevertheless, life has the biggest test in store for Amber when a shocking discovery and a wrongful claim to the throne threaten to destroy their love once and for all. You can stream it here.4. The Princess Switch (2018)Vanessa Hudgens stars in this film as both Stacy, a baker from Chicago, and Lady Margaret, the countess who is betrothed to the prince of Belgravia. The chance meeting of the two women allows them to switch identities for a couple of days because the countess wants to get a sneak peek into normal life before shes married to the prince. So, Margaret lives Stacys life as an ordinary girl, and Stacy experiences royalty. As this goes on, Margaret and Stacy fall in love with each others suitors. But when the time comes, they will have to switch back. Feel free to check out the movie here.3. Jodhaa Akbar (2008)Directed by Ashutosh Gowariker, this epic historical drama is set in 16th-century India during the reign of the Mughal Empire. It explores the romance between Mughal Emperor Akbar and Princess Jodha Bai of Amber (Rajasthan), underscored by the geopolitics of the time. How Jodha made her stand and demands very credit to Akbar, who was the ruler of an entire country before their matrimony, is a testimony of her courage and self-respect, both as a princess and a woman. Hritik Roshan plays Akbar, while Aishwarya plays Akbar, while Aishwarya plays Akbar here.2. Spencer (2021)Perhaps the ultimate princess drama in this list, Spencer is based on the life of Princess Diana, AKA the Princess of Wales. Directed by Pablo Larran, the film covers a short span of the icons life, concentrating on her mental state after the revelation of her husband Prince Charles (Jack Farthing) affair during Christmas 1991. How she tries to cope with the pain and constant surveillance has been portrayed in a poignant manner, a reminder of her struggle in an authoritarian household. Kristen Stewart pulled off a brilliant performance, winning many awards and nominations. You can watch Spencer here.1. Damsel (2024)In Juan Carlos Fresnadillos Damsel, Millie Bobby Brown stars as Princess Elodie, who is married off to Prince Henry (Nick Robinson) in a grand royal manner. Little does she know that her role will be nothing more than that of a sacrifice to an ancient entity for peace. Even after being thrown off a cliff into a dark chasm that is the entitys lair, Elodie survives only to find herself become a target. Alongside Brown and Robinson, the cast of Damsel includes Angela Bassett, Robin Wright, Brooke Carter, Ray Winstone, and Manon Stieglitz. To find out whether our damsel manages to come out of her dire fire-breathing distress, you can watch the movie here.Read More: Best Post-Apocalyptic Movies on Netflix Cast & crewUser reviewsTriviaFAQFollows a struggling father who purchases a domestic SIM to help care for his house and family, unaware she will gain awareness and turn deadly.Follows a struggling father who purchases a domestic SIM to help care for his house and family, unaware she will gain awareness and turn deadly.Follows a struggling father who purchases a domestic SIM to help care for his house and family, unaware she will gain awareness and turn deadly.Sign in to rate and Watchlist for personalized recommendationsSign inSuggest an edit or add missing contentibly what name was Subservience (2024) officially released in Canada in French?AnswerYou have no recently viewed pages Powered by Reelgood Megan Fox is no longer the It Girl of the moment for Hollywood movies, but shes found a lucrative and sometimes quite enjoyable career as a B-movie lead. In Subservience, she leans into her old pin-up image as a sexy robo-helper who gets troublingly attached to the family she lives with. Is the movie in on the joke, or just another laughable MTV affair? SUBSERVIENCE: STREAM IT OR SKIP IT? The Gist: Nick (Michele Morrone, the hunk from Netflixs 365n) needs help. A construction worker in an increasingly digital near-future, hes also tasked with taking care of his kids full-time when his wife Maggie (Madeline Zima) must endure long-term hospitalization to treat a heart problem. Luckily, theres an upside to humanity approaching obsolescence: the relative affordability and availability of helper-androids. Soon an unsettlingly attractive robot named Alice (Megan Fox) is lending a hand around the house with chores and even parenting. But when Maggie returns home, Alice starts to get territorial about her family, particularly her attachment to Nick. Just think of Subservience as M3GAN Fox. What Will It Remind You Of?: Oh, what wont it remind you of? Besides the obvious parallels to M3GAN, its pretty much a sci-fi spin on 90s femme-fatale domestic thrillers like The Hand That Rocks The Cradle or Fatal Attraction. Photo: Everett Collection Performance Worth Watching: Though shes not the point-of-view character, this movie belongs to Megan Fox. She hasnt always had an easy time finding the right vehicle for her particular affect in the years since the underrated Jennifers Body flopped. But director S.K. Dale, making his second Fox vehicle after the fun Till Death, understands that his leading ladies ladies sometimes-flat delivery can be an asset, and Fox herself is obviously having some self-aware fun with her image as she gradually unleashes her inner Terminator (the bad-guy one from the first movie, only convinced shes more like the protector from T2). Memorable Dialogue: Who needs dialogue for punchlines when you have the look on Maggies face when she first lays eyes on her familys new helper? Sex and Skin: Spoiler: Nick and Alice do get it on, although its soft-pedaled as Alice manipulating Nick in a weak and stressful moment, even blindingfold him and using Maggies voice to put him at ease, rather than, you know, Nick wanting to have sex with the Foxbot. But yes, you do see Megan Foxs butt. Presumably the robot keeps her bra on during sex because shes seen a lot of Hollywood movies. Our Take: Lets be clear up front: Subservience isnt the delightful surprise of Till Death, the earlier collaboration between Fox and Dale. (Hopefully these are the first two of many, given his obvious interest in crafting fun B-movies around her whole deal.) The earlier film jolted to life from a sleepy-looking domestic melodrama into a surprisingly immediate and well-crafted limited-location thriller; Subservience, by virtue of its irresistible premise and retained star and director, has higher expectations going in. This means it has more opportunities to disappoint, and there are moments where it feels like the movie should be going a little harder: a little more suspenseful, a little weirder, a little more hopped-up energy. On the other hand, Subservience is a better movie than we should probably expect from Megan Fox plays some boring guys robo-servant. Its an efficient and entertaining perils-of-automation sci-fi thriller with that extra bit of juice from casting a notorious personality at its center, and a reminder that Fox, for all of her junky movies and off-screen antics, does have a certain kind of self-aware star quality. Our Call: If youre in the mood for a sci-fi B-movie, STREAM IT. Just know (unlike Nick) what youre getting into here. Jesse Hassenger (@rockmarooned) is a writer living in Brooklyn. Hes a regular contributor to The A.V. Club, Polygon, and The Week, among others. He podcasts at www.sportsalcohol.com, too. Weve just learned that Netflix in the United States has acquired the streaming rights, marking the first time the movie has been available on a streaming service.Fox, best known for roles in Transformers and Jennifers Body, plays the role of Alice in this sci-fi film. It depicts a near future where AI-driven android bots are common, and one family decides to invest in one for their household after Nicks wife, Maggie, begins falling ill. Like any artificial intelligence movie, things look good until Alices behavior becomes increasingly erratic and unsettling.Alongside Fox, the film stars Michele Morrone, Madeline Zima, Matilda Pirth, and Andrew Whipp, with S.K. Dale directing. This marks a reteam for Fox and Dale, who previously worked on the 2021 thriller Till Death, which recently rejoined Netflix US.Although not a big box office draw, we suspect the alluring artwork (including some stills made for the male gaze) will mean that it pulls in significant numbers when it drops on Netflix on December 5th. Even the lukewarm critics and audience reviews (5.2/10 on IMDb). I should imagine, wont deter Netflix subscribers from checking it out. From what we can tell, the movie is only coming to Netflix in the United States and the UK, although other regional availability may differ.The movie is licensed to Netflix by XYZ Films and Millenium Media, the former of which has worked with Netflix before on SVOD debuts like this and on Netflix Original projects, too. Previous SVOD pickups include Blackout in 2022 and Hidden Strike in 2023. Their Netflix Original projects include Code 8: Part II and Run Rabbit Run, and their next movie, Favoc, is due out in 2025.For more on whats coming to Netflix in December 2024, keep it locked here on Whats on Netflix. In the comments, let us know if youre excited to watch Subservience when it lands on December 5th, 2024. A sheltered teenager discovers she's actually a princess from another country and she could be in grave danger. Based on Paula Pimenta's novel.Starring: Pietra Quintela, Maisa Silva, Lvia Silva,Brazilian Romantic Comedy Movies, Comedy Movies, Romantic Movies, Romantic Movies, Based on Books, Teen MoviesCharming, Feel-Good, Teen, Royalty, Brazilian, Based on a Book, Romantic, First Love, Comedy, MovieEnglish, Portuguese (Brazil) [Original]English, Portuguese (Brazil)Pietra Quintela, Maisa Silva, Lvia Silva, Guilherme Cabral, Patricia Frana, Juliana Knust, Aramis Trindade, Cludio Mendes, Ren Stern, Ju ColomboCindy la Regia: The High School YearsTrainwreck: The Astroworld TragedyFor your phone, tablet, laptop and TVFor your phone, tablet, laptop and TVImmersive sound (spatial audio)For your phone, tablet, laptop and TVFor your phone, tablet, laptop and TVFor your phone, tablet, laptop and TVImmersive sound (spatial audio)For your phone, tablet, laptop and TVFor your phone, tablet, laptop and TVIre suffering fromEleven withdrawal, fear not: InOscar-nominated filmmaker Juan Carlos FresnadillosDamsel,Millie Bobby Brown is entering a different kind of Upside Down. As the determined and courageousElodie, Brown flips the script on the traditional fairy tale as a princess whose happily ever after is brutally interrupted when her Prince Charming sacrifices her to a dragon. Forget what youve heard about tales that begin with Once upon a time this damsel has only herself to rely on.Shes a damsel who doesnt need to be saved. Brown told Netflix. She saves herself in many ways. It subverts what you expect: Youre expecting the prince to turn around and save her, and no. Dont wait for the prince.What I really loved in the script from Dan Mazzeau was embracing the idea of a fantasy adventure and a princess and dragon story, but taking it into a place [where] its completely upside down, Fresnadillo tells Tudum. It was a very intense journey that I was so excited to design and to develop. At the core, this is such a beautiful story about a young woman becoming a strong, independent, and empowered adult. Elodie doesnt have any kind of support. Its a real survival experience.You can catch a glimpse of the obstacles Elodie faces in the trailer for the film above: It features glowing rocks, giant swords, the aforementioned very big dragon, as well as Angela Bassett, Robin Wright, and Nick Robinson. What more could you ask for?What is Damsel about?Damsel sees Brown as a dutiful, well, damsel, who agrees to marry a handsome prince only to discover it was all a trap: The royal family recruits her as a sacrifice to repay an ancient debt. Shes then thrown into a cave with a fire-breathing dragon, where she has to rely solely on her wits and will to survive.As Elodie fights alone in the bowels of the monsters lair, she is the audiences eyes and ears.You feel that you are experiencing the journey of surviving and facing this creature with Elodie, Fresnadillo says. The emotional arc is so intense.The on-set cave system helped Brown herself feel like she was experiencing that journey. It was hard running through [the caves], Brown said. It was hard falling in them. It was hard to scream, because nobody could hear you. You couldnt see anything. Everything felt so real. So I loved the caves as an actor, but hated them as Elodie.Set to the strains of Run from Me by Timber Timbre, the films teaser trailer showcases Elodies fairy-tale seduction by the royal family and the ensuing reality of her situation, as she fights for her life in the depths of a cave. For generations, it has been our task to protect our people, Wright narrates. So tonight, you join a long line of women who have helped to build this kingdom. The sentiments true meaning is made clear by the accompanying image: Brown brushing her hand across the steep wall of the cave, where previous captives names have been carved into the surface.How Millie Bobby Brown Overcame a Major Fear While Filming DamselElodie is walking in the bleak footsteps of her predecessors, but Brown could only look forward. I couldnt draw from anything because Ive personally never read a story likeDamsel, she said. With Eleven, Im able to draw from Mad Max. Or, with Enola Holmes, Im able to draw a little bit from Hermione inHarry Potter. I couldnt find anyone for Elodie and so I knew I was going to have to create her, find her along the way, find what her weaknesses and strengths are, and really create a life and a journey for her so that everybody would care about her, believe in her, and root for her.And Elodie will need all the support she can get to make it through Damsel alive. Its a thrilling adventure with a really dark twist to put you on the edge of your seat, Fresnadillo says. As a filmmaker, one of the things I always want to do is surprise the audience with a new take on a story. Especially this kind of [traditional story] we have to modernize those tales with new takes, more modern and real ways, to connect with the audience. In other words, even if you dont casually come across dragons in your day-to-day life, youll still recognize many of the hurdles Elodie faces throughout the story. We tried to make this as real as we can, he adds. Its a fantasy, but grounded in reality.Where can I watch the trailer for Damsel?Check it out at the top of this article!Whos in the cast ofDamsel?Brown plays Elodie, the titular damsel who finds herself plunged into a dark and dangerous new world. Brown is no stranger to complex characters touched by tragic circumstances. Whether its her haunting portrayal of Eleven inStranger Things or the courageous Enola Holmes, the actor has had her share of adventures. Still,Damsel ups the stakes, delivering a side of Brown youve never seen before.After I read the script, I remember thinking, Wow, Ive never done anything where I havent been able to share the load, Brown said. Because everything I do, Im able to co-exist with someone else. WithStranger Things, I have wonderful castmates that I am able to depend on. And then withEnola Holmes, Im able to depend on Henry Cavill or Louis Partridge. But withDamsel, it was this realization: Oh my goodness, its just me. I have to be there every day, and I have to give myself fully every day. We were so lucky to have Millie, Fresnadillo adds. Shes a very charismatic, sparking personality. She has that quality that only stars have, which is you cannot take your eyes off her. She has the ability in this movie, in such a magical way, to bring the audience into her journey and take them into that kind of dark, intense, and thrilling adventure that shes having.Shes the heart of the movie.Godzilla: King of the Monsters, Godzilla vs. KongFollow Millie Bobby Brown Elodies father is a reluctant enabler of her arranged marriage; Her hefty dowry will help their kingdom survive another winter.Hes played by gruff character actor Ray Winstone, who found himself disagreeing with his characters choices. Lord Bayfordks kind of a mixed-up man, Winstone told Netflix. Hes got a choice to be his daughter and the welfare of his people and the choice seems like an obvious one to me you choose your daughter, your blood but I guess as a leader he has more responsibility and the crown weighs heavily on him.Sexy Beast, The Departed, Hugo, Indiana Jones and the Kingdom of the Crystal Skull, Rango, Noah, Beowulf, Cold MountainRobinson is Elodies fair-on-the-outside, not-so-fair-on-the-inside prince. The pair hit it off before he tosses her down a steep shaft into the dragons den so much for young love.We wanted him to be a morally ambiguous character with his own sense of duty and honor and tradition, while knowing all along that these rituals are not right, Robinson told Netflix. This is all compounded by the fact that he begins to see Elodie for who she is a special, vibrant person and starts to develop feelings for her, so it makes it even harder for him to ultimately make that decision.Jurassic World, Love, Simon, The Kings of Summer, The 5th Wave, Everything, Everything, Native SonLady Bayford is Elodies stepmother, a working class woman who has now risen to a position of nobility. Shes the daughter of a humble ropemaker, and has become a Lady through marriage, so she has an intelligence that allows her to sense, see, and pay attention to details, Bassett told Netflix. And she can because shes had to be scrappy in her life. She might be a Lady in fine apparel, but shes never forgotten her roots.Malcolm X, Whats Love Got to Do With It, Black Panther, Waiting to Exhale, Contact, Strange Days, Mission: Impossible - Fallout, American Horror Story, 9-1-1Queen Isabelle is the queen of Orea, Elodies future mother-in-law, and the person pulling all the strings of her current predicament. Shes played by Robin Wright, who has plenty of experience playing royalty: she was, of course, Princess Buttercup in the beloved classic The Princess Bride.Shes able to appear charming to lure the victims in, as is her task, Wright told Netflix. Shes also creative in her designs, the web she weaves, to trap the sacrificial lambs. She makes Elodie feel its a privilege that she was chosen, and then her barbs come out!ThePrincess Bride, Forrest Gump, Brad Pitts 2049, The Girl with the Dragon Tattoo, Unbreakable, Beowulf, A Most Wanted Man, State of PlayYoung actor Brooke Carter plays Elodies innocent younger sister, Floria.Floria represents the kind of traditional fairy tale that we decided to shake up, Fresnadillo said. Brooke was so professional and sparkling. She portrayed all these traditional values that flesh out the fables we know by heart and I think it was important to have that in this story.The Alienist, The Irregulars, The PeripheralWhere was Damsel filmed?Exterior shots of Aureas castle grounds and mountains were filmed in Portugal, andDamsels digitally created castle was modeled on the countrys unique Manueline architecture. Its warmer and more flamboyant than the gloomy castles that are typically used for fantasy stories with dragons, production designer Patrick Tatopoulos said. And that was the trick: Aurea needed to be a very pleasant place to beon the outside.On the inside, of course, its another matter entirely. The majority ofDamsels locations were practically built cave sets. We filmed in these warehouses in London, Brown said. When you walked in, you truly felt immersed. There was no faking it. Indeed, the production designed a full seven separate caverns as part of the dragons maze-like cave system. Tatopoulos even put together a map of the following caves, using Mazzeaus script as a guide.The Entrance Cave: As close as the caves come to the natural world, with a tree and a scant amount of moss subsisting on light from the sacrificial bridge above.The Bird Cave: A long cavern where Elodie sees birds in flames, with massive stalactites and stalagmites forming an illusion of teeth.The Twisted Tunnel:A tight space where Elodie finds herself crawling through a close-quarters shaft like Bruce Willis in Die Hard.The Glow Worm Cave:Inspired by the bioluminescent worms ofNew Zealands Waitomo caves, the glow worms are a source of healing respite for Elodie.The Womb Cave:Elodie discovers the dark past of the kingdom of Aurea when she comes across messages left behind by previous princesses in this cave.The Crystal Shaft:The production built a segment of the shaft so that Brown and her stunt double could practically climb it; VFX extensions provided the rest.The Temple Cave:The cave where Elodie has her final confrontation with the dragon was referred to as the Temple Cave by the team because of its Romanesque columns. Youre at the bottom of this circus, almost like a gladiator, said Tatopoulos. Theres a sense of them being at the bottom of the pit with those steps everywhere.Who voices the dragon in Damsel?The voice of the fearsome dragon (yes, she talks) is provided by Iranian-American actor Shohreh Aghdashloo. It was a challenge for Aghdashloo to get into character as a scaly beast, but she ultimately found her way into the character.It wasnt hard to imagine that I could have, or would have been, a dragon in past life, Aghdashloo told Netflix. But I have to admit that it became pretty challenging when I got to the sound studio and started following her steps through the forest while voicing her, for dragons can only move forward, not backward.The Voice Behind Damsels Dragon Will Enchant YouListen to Millie Bobby Brown on Skip IntroIn a new episode of the podcast Skip Intro, Brown tells host Krista Smith what she hopes women take away from the film. You can be a princess in your own way, she says. You dont have to be saved by the prince all the time. Although princes are great, and we love them, and they're very handsome, it's nice to be able to be a warrior, too. You can listen to the full conversation right here.Did Millie Bobby Brown do her own stunts in Damsel?Yes. Brown did quite a bit of her own stuntwork, which you can catch a glimpse of in a behind-the-scenes video released ahead of the film. In the clip, Brown is lifted by a giant tuning fork held suspended on wires against a practically built cliff face, but can be seen doing plenty of fancy sword work. I felt like a warrior! she says triumphantly. Go off, Millie!When isDamsel coming to Netflix?Damselis now streaming on Netflix. Above all, Fresnadillo hopes that you will keep an open mind as you approach the film. This is a journey thats going to take you into a universe that you thought you knew. But we are discovering a new take on fairy tales and fantasy adventures.Brown agrees. Elodie becomes someone so unbelievably different from who she is at the beginning, she said. She becomes this woman that she didnt know she could become. And I think that is a huge storyline that so many women and young girls will be able to relate to. Better tighten your corsets and sharpen your swords.Otherworldly Fantasy Shows to Stream NowFrom Shadow and Bone to The Witcher, these shows will transport you into another world.
