Phân tích chính xác, cắt giảm chi phí và mở rộng quy mô với sự hỗ trợ của giải pháp AI và machine learning – công nghệ giúp bạn luôn dẫn đầu. Japan’s app economy is anchored in high-value users who engage and spend consistently, making it one of the most competitive but rewarding mobile markets globally. To continue growing or break into this space, marketers need a clear and consistent strategy, best-in-class attribution and measurement, and granular data for impactful campaign optimization and budgeting decisions. This is exactly why Adjust and Sensor Tower have partnered once again to bring you Mobile app trends 2025: Japan edition. This report delivers the latest and most important performance data, expert analysis, and actionable insights, designed to power your strategy and enable smarter decisions and better outcomes across acquisition, engagement, and measurement. Increase analytical accuracy, reduce costs, and scale with AI and machine learning that keeps you ahead. Our mission and valuesHow we workAdjust has a growth mindset, not just for our product, but for our people. We accept all, appreciating uniqueness. Everyone has the freedomto push us forward. We proactively share info, cultivating transparency. We own our actions, valuing each other’s best interests. We rely on each other’s experiences to shape our growth. We’re successful when we make room for playful creativity. Perks and BenefitsAdjust employees deserve awesome benefitsPlease note that our benefits vary by factors like region and more. A member of our people team will be able to give you more details on which benefits will be applicable to you. Employee health is important to us, and we offer well-being options as well as various kinds of global health support to help take care of your mind and body. We believe abundant and flexible vacation days benefit you and us! Use your vacation time how you see fit. Enjoy your time off, and we’ll see you when you get back! We’re here to help you plan ahead Retirement should be all about reward, not worry! Adjust adds an extra percentage to your pension pot with a contribution on top of yours. Your future matters to us as much as your present. Continue developing, honing relevant skills and languages too! Let’s grow together! We’re here to help you to continue your professional development, providing training and materials relevant to your role and overall success. Additionally, we offer free English and German classes of various levels. We reward employees for delivering top talent. We believe in the strength of our employees’ network and provide generous incentives when a hire is made from a qualifying referral. We offer activities year-round to bring everyone together. From activities in our 6 office locations to remote activities like game nights, fitness challenges, and lunches, Adjust loves to actively connect everyone. International LocationsOur officesAdjust is a global company with offices in the U.S., Europe, and Asia. Saarbrücker Str. 37A 10405 Berlin, Germany Unit 1601-1607, Tower B, Jindi Center, No. 91 Jianguo Road, Chaoyang District, Beijing, 100022, China Caferaga Mah. Sifa Sk.
